We are very proud that we have reached an important milestone in the history of VIU.

VIU's role as a consortium is to provide an innovative platform for transnational education, to build awareness across borders, encourage participation and promote international cooperation. The international body of bright students and distinguished professors creates a rich and exciting interdisciplinary atmosphere.

In 1995 there were five Member Universities and two Institutional Partners; today we have fourteen member universities and three institutional partners. The programs have evolved and grown over the years, and we approach this anniversary knowing that we have enriched the lives and careers of the young, talented minds of so many students who have disembarked from the linea 20 at San Servolo, thus contributing to the dissemination of knowledge and international understanding.
ALUMNI REUNION

Save the Date: Saturday, 12 December 2015

In order to mark this significant moment in the history of VIU, we will host the first official VIU Alumni Reunion on Saturday, December 12. We hope to see many of you return! There will be guest speakers, networking opportunities, and of course, you will have the chance to catch up with your former classmates and professors (and VIU staff!). We look forward to catching up, to hearing some of your more amusing recollections, and learning all about what you've been doing since your semester at VIU.

Our recommendations for accommodation are available here.
