**MOST Training Program on  
Capacity Building on Low Carbon Economy  
Beijing, April 19 – 23, 2010**

**Course Agenda**

**Day 1**

Opening Remarks (Peng Sizhen, Deputy Director General, The Administrative Centre for China's Agenda 21 and Zhou Longchao, Deputy Director, Division of European Affairs, Department of International Cooperation, MOST)

Lecture: The Policy and Action in Response to Climate Change in China (Peng Sizhen, Deputy Director General, The Administrative Centre for China's Agenda 21)

Lecture: The Focal Points of Climate Change Negotiations (Zhang Jiutian, Deputy Director, The Administrative Centre for China's Agenda 21)

**Day 2**

Lecture: The Summary of Low Carbon Development (Zheng Xipeng, Sector Operations Director, China National Water Resources & Electric Power Materials & Equipment Co., Ltd.)

Lecture: System Construct of Low Carbon Economy (Yu Jie, Project Director, The Climate Group)

Lecture: The Opportunity and Challenge of Low Carbon Economy (Yu Jie, Project Director, The Climate Group)

**Day 3**

Lecture: New and Renewable Energy (Zhang Xiliang, Professor, Qinghua University)

Lecture: The Low Carbon Development in Energy Area (Guo Wei, Sector Operations Director, China National Water Resources & Electric Power Materials & Equipment Co., Ltd)

Lecture: International Division of Labor and the Transfer of Carbon Emissions in China Import and Export Trade (Fang Xiuqi, Professor, Beijing Normal University)

Lecture: Carbon Market (Tang Renhu, Department Manager, China National Water Resources & Electric Power Materials & Equipment Co., Ltd)

**Day 4**

Lecture: Technological Innovation in Low Carbon Economy (Tan Runhua, Vice President, Hebei University of Technology)

Lecture: Energy Efficiency and Clean Technology Development in Energy Intensive Industry (Chen Wenming, General Manager, China Eco-efficiency Research Center)

**Day 5**

Lecture: Industrial Energy Saving & Emission Reduction and Low Carbon Economy (Zhang Xiliang, Professor, Qinghua University)
