MIIT Training Program
Industrial Energy Efficiency
Italy, December 8-18, 2013

Course Agenda

Theme: Promoting Industrial Energy Efficiency

Lecture: The Role of the Italian Ministry for the Environment, Land and Sea: Policy for Sustainable Development (A. Negrin, Italian Ministry for the Environment Land and Sea)

Lecture: The Energy Managers in Italy (D. Di Santo, FIRE - Italian Association for Rational Use of Energy)

Lecture: Energy Management: the Finmeccanica Model Case Study (G. Mameli, Finmeccanica S.p.A.)

Theme: Energy Efficiency Financing Tools

Lecture: The White Certificates Market for Energy Efficiency (A. Lorenzoni, University of Padua)

Lecture: Energy Saving Projects and Financing Mechanisms (L. Bano, Galileia S.r.l.) Energy

Lecture: Italian Projects for Energy Efficiency in the Industrial Sector: ENEA Research Activities (R. Preka and M.A. Segreto, ENEA)

Theme: Energy Management Systems

Lecture: Energy Audit (R. Selva, eEnergia S.r.l.)

Lecture: Energy Management System and ISO 50001 (R. Selva, eEnergia S.r.l.)

Site Visit: Energy Management System in Practice (G. Pedrocchi, eEnergia S.r.l.; M. Manente, G. Stevanato, San Benedetto S.p.A.)

Theme: Technologies for Energy Efficiency in Practice

Site Visit: High Efficient Steam Generators (G. Lapenta and M. Dal Corso, ICI Caldaie S.p.A.)

Site Visit: Energy Efficiency Management in Practice (F. Zanardi, Zanardi Fonderie)

Theme: Economic Feasibility of the Technological Solutions for Industrial Energy Efficiency

Lecture: Economic Feasibility of the Technological Solutions for Industrial Energy Efficiency (M. Fauri, University of Trento and Polo Tecnologico per l'Energia S.r.l.)

Theme: Industrial Energy Efficiency

Lecture: Energy Efficiency in the Industrial Use of Electricity (G. Gallo, Energy Gate Fondazione Torino Smart City)

Welcome Speech *from the Environmental Protection Department of Alba Municipality*

Site Visit: Energy Efficiency in the Industrial Use of Electricity (Ferrero S.p.A.)
