

MEP Training Program

Soil Pollution Prevention and Control

Italy, June 26 – July 9, 2016

Course Agenda

Theme: Contaminated Sites: Management at Local Level

Lecture: Contaminated Sites Identification and Monitoring (P. Giandon, ARPAV)

Lecture: Contaminated Sites Management: the Situation in the Veneto Region (P. Giandon, ARPAV)

Lecture: Contaminated Sites: Intervention Strategies (L. Mason, ARPAV)

Theme: EU Policy and Law on Soil Pollution and Local Implementation

Lecture: Overview on EU Organisation and EU Environmental Policy (A. Barreca, University of Siena, Environmental Legal Team)

Lecture: EU Policies on Soil Pollution (A. Barreca, University of Siena, Environmental Legal Team)

Lecture: Contaminated Sites: the Role of Local Authorities (P. Campaci, Veneto Regional Government)

Theme: Soil Pollution Prevention

Lecture: The EU Soil Database (G. Toth, JRC)

Lecture: Focus on Soil Pollution from Agrochemicals Prevention (G. Toth, JRC)

Site Visit to Depuracque s.r.l. – Sludge and Leachate Treatment (A. Rapposelli, Depuracque s.r.l.)

Theme: Remediation Technologies 1

Lecture: Soil Remediation Technologies: Methods and Costs (R. Raga, University of Padua)

Lecture: Soil Remediation Technologies: Methods and Costs (R. Raga, University of Padua)

Lecture: Soil Monitoring and Remediation Activities: Case studies (A. Sottani, Sinergeo S.r.l.)

Theme: Remediation Technologies 2

Lecture: Phytoremediation in Contaminated Sites (S. Breda, Ca' Foscari University Venice)

Lecture: Phytoremediation in Contaminated Sites (S. Breda, Ca' Foscari University Venice)

Site Visit to San Giuliano Park: Landfill reclamation in practice (F. Schenkel, Expert)

Theme: Venice and Environmental Protection

Site Visit: The Venice Lagoon: Focus on Environmental Issues (F. Zennaro, TEN Center)

Theme: Soil Pollution and Health

Lecture: Soil Pollution and Health: Main Issues - Porto Marghera Case-Study (L. Pizzol, Ca' Foscari University of Venice)

Lecture: Site-Specific Ecological Risk Assessment (ERA) for Contaminated Sites (A. Critto, Ca' Foscari University of Venice)

Lecture: Brownfields Reclamation and Redevelopment in Venice (P. Scanferla, Ca' Foscari Foundation)

Theme: Soil Pollution Prevention and Brownfields Recovery

Lecture: Waste Management and Soil Pollution Prevention (A. Muntoni, University of Cagliari)

Lecture: Waste Management and Soil Pollution Prevention (A. Muntoni, University of Cagliari)

Lecture: Soil Pollution and Industry: the Role of Insurance Companies (G. Faglia, Pool Inquinamento)

Theme: Remediation Technologies in Practice

Site visit to Brescia PBR Soil Treatment Plant (Intergreen S.p.a.)

Theme: Waste Management and Soil Pollution Prevention

Site visit to Padua Landfill (Gea s.r.l.)

Theme: Soil Pollution Prevention and Control in Italy and EU

Lecture: The Role of the Italian Ministry for the Environment, Land and Sea in Soil Pollution Prevention and Control (L. D'Aprile, IMELS)

Lecture: Soil Pollution Management: Legislation and Strategy Policies Adopted at European and Italian Level (A. Vecchio, ISPRA)

Lecture: Soil Pollution Control in Italy: Contaminated Sites of National Importance (A. Vecchio, ISPRA)
