

Mexico City, Mexico

Training on Integrated Solid Waste Management

May 27-31, 2013

Course Agenda

Theme: International Framework for Solid Waste Management

Lecture: Global Perspective in the Management of Solid Waste (R. Cossu, University of Padua)

Lecture: Concept and Experiences in Resource Recovery from Waste – 3R's and Urban Mining (R. Cossu, University of Padua)

Lecture: Financing Schemes (Sergio Gasca, SEMARNAT)

Theme: Sustainable Waste Management Technologies

Lecture: Source Segregation, Separate Collection and Material Recycling (A. Poletti, University La Sapienza of Rome)

Lecture: Biological and Thermal Waste to Energy (A. Poletti, University La Sapienza of Rome)

Lecture: Landfilling: Modern Concepts and Technologies for Final Sink (R. Cossu, University of Padua)

Theme: Control and Recycling of Organic Fraction of Waste

Lecture: Recycling of the Organic Fraction of Waste (Andrea Vannini University of Tuscia and Alessandro Filippi, Aquaser Acea spa Group)

Lecture: Recycling of the Organic Fraction of Waste: Case Studies (Andrea Vannini University of Tuscia and Alessandro Filippi, Aquaser Acea spa Group)

Lecture: Recycling of the Organic Fraction of Waste: Case Studies (Andrea Vannini University of Tuscia and Alessandro Filippi, Aquaser Acea spa Group)

Theme: Solid Waste Management Life Cycle, Impacts and Indicators

Lecture: Environmental Impacts of Solid Waste Management (A. Poletti, University La Sapienza of Rome)

Lecture: The Life Cycle of Waste (Marina Bergua, Programa para el Desarrollo Bajo en Emisiones MEXICO)

Lecture: Developing Indicators for Assessing Waste Management (Arturo Romero, Programa para el Desarrollo Bajo en Emisiones MEXICO)

Theme: Solid Waste Management Policies

Lecture: International Conventions and Agreements (A. Barreca, Environmental Legal Team, University of Siena and Venice International University)

Lecture: Regulation and Control Mechanisms for the Prevention and Minimization of Waste Generation: the EU Case Study (A. Barreca, Environmental Legal Team, University of Siena and Venice International University)

Lecture: Regulation on Solid Waste in Mexico City (Marina Bergua, Programa para el Desarrollo Bajo en Emisiones MEXICO)
