

Sacra Conversazione: Identity, Heritage, Globalization

an art project by LMU München
opening on April 4, 2017 at 4 pm

featuring an exhibition by
TEAM BECKER PINTER
and STEPHAN M. SCHUSTER FINE ART PHOTOGRAPHY
from 4 to 26 April 2017
at VIU, Isola di San Servolo, Venezia

The exhibition, co-hosted by LMU and VIU, has been created especially and exclusively for the premises of VIU on San Servolo by the artists Stephan M. Schuster and TEAM BECKER PINTER.

They have created works that grapple with VIU's main academic focus - the Globalization Program - and professors Christof Rapp and Stephan Lessenich from LMU have acted as their scientific "godfathers".

The amazing result of this creative cooperation will be on display on San Servolo for the upcoming weeks.
